Match Winner and Game Score

Please report the score using the SECF website. There is no need to send in this form.

Rules

Each match consists of three players and each match consists of 3 rounds of 14pt games, each being one singles and one doubles. League teams will be listed in ascending handicap order. In the first round H1 will play singles against A1, in the second round H2 will play singles against A2 and in the third round H3 will play singles against A3.

All games shall be played with full bisques to a base of 6; Appendix 3 of the Laws of Association Croquet shall apply.

All games are played handicap, with a time limit of 90 minutes. If a lawn is less than 2/3 size normal handicap differences are reduced by a factor of 2/3.

Each player's handicap must be at least 10 when the fixture is arranged.

Appendix 3 Full bisque handicap play

When a game is played under the conditions of full bisque handicap play, the laws of handicap play apply subject to the following modifications.

A3.1 THE BASE HANDICAP The base handicap is scratch unless agreed or directed to be greater than scratch.

A3.2 SINGLES PLAY If both players have handicaps that are greater than the base handicap, Law 42.2.1 does not apply and each player receives a number of bisques equal to the difference between the player's handicap and the base handicap.

A3.3 DOUBLES PLAY

A3.3.1 NUMBER OF BISQUES If both sides have aggregate handicaps that are greater than twice the base handicap, the first sentence of Laws 47.1 or 50.1 does not apply and each side receives a number of bisques equal to half the difference between its aggregate handicap and twice the base handicap, rounded as specified in Laws 47.1 or 50.1.

A3.3.2 RESTRICTION ON PLAY In ordinary doubles play, a player whose handicap is lower than the base handicap may play a half-bisque but may not play a bisque and the second sentence of Law 47.2 is modified accordingly. This restriction does not apply to alternate stroke doubles play.
