### Rules

League teams will be listed in ascending handicap order H1 to H4 versus A1 to A4. In the first round H1 and H2 will play doubles against A1 and A2 and H3 will play A4 and H4 will play A3. In the second round the players will play singles in order (a total of 7 matches).

All games are played level, with a 1 hour time limit. Each individual match comprises a best of three 13-point games.

Results of all single games should be submitted to the CA ranking system following the instructions provided on the League Results Submission Process page.

The sum of the four players' handicaps must be at least 16. No player with a handicap of 1 or below is eligible to play. If a selected player's handicap becomes altered outside competition ranges up to 30 days before a pre-arranged match, the person may still play in that match.
